PROPERTIES

Regan (Noppenberger) Thomas
Retail and Restaurant Leasing
North American Properties

As commercial leasing representative, Regan Thomas executes the North American Properties' (NAP) leasing team's hospitality-driven retail and restaurant strategy at Newport on the Levee, the 380,000-square-foot mixed-use destination fronting the Ohio River.

Regan joined NAP in May of 2019 after completing her Master's degree in Community Planning and Real Estate from the University of Cincinnati's College of Design, Architecture, Art and Planning. Regan's master's thesis on the "Future of Retail in Urban Environments" made her an asset to NAP's team of experience makers.

Most recently, Regan curated the lineup of local entrepreneurs and businesses for the Levee's wildly successful Bridgeview Box Park. The open-air park is the first of the many retail-driven entertainment experiences the team plans to bring to the Levee as part of NAP's redevelopment vision for the 20-year old property.

Prior to joining NAP, Regan spent a year working with 3CDC, a non-profit real estate development company, where she contributed to a variety of mixed-use redevelopments.

In addition to her Master's degree, she also holds a Bachelor's degree in Marketing from the University of Cincinnati. Outside of the office, Regan enjoys spending time with her husband and their dog, and working on projects around their old home in Covington.
